Encourage the Light.

All those who are in favor of electric lights should call on N. B. Combs, the promoter, and encourage him, not only by good talk, but by having their houses wired and taking as many lights as they can use. It costs money to run the plant and all of us should be willing to bear our part of the burden.

Teachers Disappointed.

The teachers of the common schools of Breathitt county were sadly disappointed last Saturday in not getting their checks at the November pay day. The gang has been boasting all along that the school fund had increased under their administration, but as soon as they were defeated by the people no school money was forthcoming at all. The County Superintendent was here yesterday looking for that check, but it had not come and no one knows when it will come.

A Sound Institution.

We are glad to note the record made by our home bank while so many other financial institutions in other parts of the country have been more or less embarrassed by the financial flurry just passed. In other sections the people seemed to have been more or less uneasy about the financial strength of their home institutions, but in this community no one seemed to have had the least desire or inclination to withdraw their deposits from the Jackson Deposit Bank. Another evidence of the strong resources of this bank and the people's confidence it is the fact that the daily deposits were not lessened and the loans at all curtailed.

All kinds fresh fruits and vegetables at Haddix's.

Apples and peaches at 9 cents on the pound.

Hammond, of Capey, Morgan county, is a patient at the Good Samaritan hospital, suffering from a bullet wound in his side. Hammond is a cousin of Calloway Sebastian, who was shot in an altercation with William and Kelly Arnett, brothers, at Lee City, Wolfe county, election day.

There is a peculiar chain of circumstances surrounding the shooting of Hammonds. He had helped his wounded cousin to the train so he could be taken to Lexington and started to return home, when getting into his business at the station in some way a revolver fell from his pocket and was discharged, the bullet striking him in the side and making a very serious wound. He will probably recover.

Calloway Sebastian is also at the Good Samaritan hospital and is reported as getting along very well.

Kelly and Wm. Arnett, both of whom Sebastian had some trouble, were arrested on a charge of malicious shooting and taken to Camp-ton. They waived examination and were admitted to bail. Kelly's being fixed at \$2,000 and William's at \$4,000.

William Arnett, who did the shooting, is the man who killed a peddler in Magoffin county, for which he is now under bond.

He immediately left his home and went to the river and jumped in and was drowned. His body was recovered Monday morning about 7 o'clock. His mind had been unbalanced for some time. Mrs. Hobbs will probably recover.

U. S. Court Needed Here.

About 200 witnesses and litigants passed through Jackson Sunday and Monday on their way to attend the United States Court at Richmond this week. A court here would be a great saving to the Government, as well as a great convenience to the citizens of this and surrounding counties. Our Congressman, Hon. Jno. W. Langley, has promised his influence in securing a court here at Jackson and we believe he will get it. Judge Cochran has also consented to it.

Lee County Juries.

Circuit court began at Beattyville Monday with Judge Riddell on the bench and Commonwealth's Attorney Adams present. There was a small crowd in town on account of it being the busy season when most farmers are busy gathering in their crops.
